The internal accommodation comprises a welcoming tiled entrance hallway with glazed detailing and stairs rising to the first floor, complete with bespoke built-in storage cupboards beneath. From here, there is access to a convenient ground-floor WC and the central hallway.

The ground floor opens into an impressive living room featuring a striking inglenook fireplace with a wooden mantel and log-burning stove. Dual-aspect arched windows frame the surrounding countryside views beautifully, filling the room with natural light. Adjoining the living room is a versatile hobby room/home office, which could also serve as an additional reception room or ground-floor bedroom. This space benefits from dual-aspect windows and French doors opening onto the driveway, together with a useful built-in cupboard housing the boiler.

The recently refurbished kitchen has been thoughtfully designed with bespoke high-gloss cabinetry, marble-effect worktops, a Rangemaster cooker, central island, and integrated appliances including an extractor and dishwasher. There is also ample space for freestanding appliances. The kitchen flows seamlessly into a stunning vaulted garden room with full-height picture windows and doors, creating a bright and airy living and dining space with uninterrupted views across the open farmland. Beyond lies a sheltered stone-slabbed patio, ideal for year-round outdoor dining and entertaining. Additional ground-floor accommodation includes a spacious utility room, pantry, and a separate dining room with French doors leading onto the garden.

To the first floor, the landing provides access to four bedrooms and includes a generous airing cupboard. The principal bedroom enjoys dual-aspect countryside views, fitted cabinetry, and an en-suite shower room comprising a large walk-in shower, pedestal wash hand basin, low-level WC, bidet, and heated towel rail. A second double bedroom also benefits from its own en-suite, fitted with a large walk-in shower, vanity wash hand basin with storage beneath, WC, and heated towel rail. The remaining two bedrooms are served by a well-appointed family bathroom featuring a freestanding bath, separate shower enclosure, his-and-hers sinks with storage beneath, heated towel rail, and an additional storage cupboard.

Externally, a hedged driveway leads to an extensive gravelled parking and turning area. The mature lawned gardens extend to approximately three acres and include established trees, fruit trees, shrubs, and boundaries reaching down to the River North Tyne. A wildlife pond with a distinctive red arched bridge adds further charm to the grounds. Outbuildings include a large workshop with electricity, log store, potting shed, greenhouse with vegetable patch, and a summer house.
