The internal accommodation comprises: Entrance lobby with wood flooring leading through into the hallway, which provides access to the staircase rising to the first floor, two reception rooms and the kitchen/breakfast room to the rear. To the front is a wonderful living room with a walk-in bay window, double-glazed sash-style units, ornate cornicing, a ceiling rose and a beautifully restored marble feature fireplace. To the rear is a second reception room, again retaining tall ceilings, deep cornicing and a striking feature fireplace with decorative tiled surround and window over-looking the rear courtyard.

The kitchen/breakfast room has been comprehensively refurbished with shaker-style units in a soft sage finish, quartz work surfaces, a substantial black range cooker, integrated AEG appliances and a wood-burning stove set within a rustic timber-mantelled chimney breast. Wood-effect flooring runs throughout, with direct access to the rear yard.

The stairs then lead to the first-floor landing, which in turn gives access to three great double bedrooms and a beautifully re-modelled shower room featuring Moroccan encaustic floor tiles, Italian-tiled walls, a walk-in rainfall shower enclosure and quality sanitary-ware. The main bedroom provides a superb full-width front-facing room with tall ceilings, a restored feature fireplace and three large sash-style windows.

A second double bedroom to the front also benefits from a feature fireplace, whilst the third double bedroom overlooks the rear aspect. Stairs rise to the second floor, where a further double bedroom and an exceptionally well-appointed bathroom are found. The bathroom features exposed black structural beams, a Velux skylight, a freestanding slipper bath, a chrome floor-standing filler and a separate walk-in rainfall shower with metro-tiled surrounds.

Externally, to the front is a private west-facing garden with gated access to the street. To the rear is an enclosed courtyard with access to the rear service lane and a private garage.

Well presented throughout, with gas 'Combi' central heating and available with immediate possession available, early viewings are deemed essential.
