The internal accommodation comprises: a composite front door opening into an entrance hallway, finished with LVT herringbone-effect flooring that continues throughout much of the ground floor. From here, there are stairs leading to the first-floor landing, a useful under-stairs storage alcove, and a convenient ground floor WC. To the left-hand side is a versatile reception room, currently used as a dining room or second lounge, featuring a bay window to the front aspect. To the rear of the property is a spacious main living room, benefiting from French doors and windows opening onto the rear garden, allowing for excellent natural light. This space flows through into the kitchen/diner, which has been upgraded to a high specification, incorporating fitted wall and base units, granite work surfaces, and a central island. Integrated appliances include a fridge, dishwasher, oven, gas hob with extractor, and a warming drawer. From the kitchen, there is access to a utility room, formed from part of the garage, providing additional storage, plumbing for appliances, and an integrated fridge and freezer, along with an external door giving side access.
