DESCRIPTION

The sale of land at High Spen offers an excellent opportunity to acquire a productive block of bare agricultural land. The land is currently laid to grass and has been used for grazing, with the parcels closest to the road also suitable for mowing.

In total, the land extends to approximately 14.64 hectares (36.17 acres) of productive Grade 3 agricultural land. Soils are predominantly loamy and clayey in nature, typically well suited to grassland production. The land is gently sloping, ranging from approximately 127m to 158m above sea level.

The land is well located, meaning the land is easily accessible for farmers to incorporate into their current farming operations.

The property benefits from stock proof boundaries, being primarily stock fencing and mature hedgerows. The land is in good heart and is well drained.

The land also lends itself to a range of alternative uses, including exploring agri-environment schemes such as the Sustainable Farming Incentive (SFI) or via a private funding schemes such as biodiversity net gain. It is also well suited to equestrian use or lifestyle purchaser seeking a convenient and easily managed parcel of land.
