DESCRIPTION

This attractive bungalow is ideally situated on the highly sought-after south side of Northallerton, within easy walking distance of the town centre. The property has been thoughtfully updated in recent years, including a new roof and a loft conversion, creating versatile and well-presented accommodation throughout.

A uPVC front door opens into a spacious and welcoming hallway. To the left, a bright and generous living room features a front-facing window, gas fire, and sliding doors leading into a conservatory, which enjoys views over the rear garden and features a unique indoor/outdoor fish pond.

To the right of the hallway are two bedrooms, including a spacious principal bedroom with a front-facing window and extensive fitted wardrobe space, and a well-proportioned single bedroom with useful under-stairs storage. These are served by a modern shower room comprising a large walk-in shower, WC, and wash hand basin set within vanity units.

The breakfast kitchen is fitted with a range of beech-effect wall and base units, laminate worktops, hob with extractor over, and sink with drainer. Integrated appliances include a dishwasher, electric oven, and microwave, with additional space for a tall fridge freezer and a dining table. A door leads through to a delightful garden room, offering ample space for both seating and dining, with French doors opening onto the rear garden. The garden room also provides plumbing for a washing machine and space for a tumble dryer.

Stairs from the garden room rise to the first floor, where a double bedroom enjoys Juliette balcony doors overlooking the rear garden, along with access to a shower room featuring a double shower enclosure, WC, and wash hand basin. From the landing, there is also access to a boarded loft space housing the gas central heating boiler, which offers further potential for conversion, subject to the necessary consents.

Externally, the rear garden benefits from a desirable westerly aspect and has been landscaped for ease of maintenance, incorporating resin pathways, decorative gravel, paving, and established shrubs and trees. To the front and side, a tarmac driveway provides off-street parking for multiple vehicles and leads to a single garage with up-

and-over door, power, and lighting, offering excellent storage.
