- Beautiful wrap-around gardens with raised deck

Full Description

Perched in an elevated position with uninterrupted countryside views stretching for miles, this detached home enjoys a setting that is every bit as impressive as the accommodation itself. Combining flexibility, privacy and recent high-quality improvements, the property offers adaptable living across two floors, making it equally suited to families, multigenerational households or those seeking a home that can evolve with changing needs.

Available with no onward chain, the house is ready to be enjoyed from day one.

The welcoming entrance hall sets the tone, with built-in storage and a practical layout that flows naturally through the ground floor. The kitchen/dining room, comprehensively remodelled in 2024, forms the heart of the home. Thoughtfully designed with stone worktops, handleless soft-close cabinetry, oak detailing to the larder cupboard and a full range of integrated appliances, it balances contemporary styling with everyday functionality. A separate utility room, newly refitted in 2025, provides additional practicality and incorporates an integrated freezer, washing machine and water softener.

One of the home's greatest strengths is its versatility. A ground-floor bedroom with a beautifully appointed ensuite shower room creates an ideal guest suite, independent living space or principal bedroom option. The triple-aspect sitting room is flooded with natural light and framed by spectacular views, while a further room offers flexibility as a study, hobby room or additional bedroom. The conservatory provides a peaceful spot to sit and watch the changing seasons unfold across the surrounding landscape.

Upstairs, two generous double bedrooms enjoy a sense of privacy and character. The principal bedroom benefits from a dedicated dressing room accessed via an elegant pocket door, while the second bedroom has its own adjoining dressing room, creating a layout that feels both practical and distinctive. A stylish four-piece bathroom, completed in 2025 as part of a wider programme of upgrades, serves the first floor.
